

ABLY RESOURCES LIMITED
A DENHOLM COMPANY

Senior Tunnel Engineer (Rail)
Contract Minimum 12 Months
Singapore
£DOE + Package + Benefits

Synopsis

Reporting to the Project Manager (Tunnels), you will be part of the project team managing the tunnel construction works for the new MRT railway lines, ensuring that the works are completed on schedule and to specifications. You will work closely with a team of professionals and technical staff in related specialist areas. With the planned expansion of Singapore's MRT system over the coming decade the opportunity to work on prestigious projects in this world class city is one not to be missed.

Essential

Recognised Degree in Civil or Mining Engineering
For Senior Tunnel Engineers, minimum 5 years of relevant experience
Proven track record in the construction of tunnelling works
All new appointments will be on contract basis
